Sleep means taking meds that make
my mouth taste awful and tastes even
worse in the morning. I don't want to
sleep. I know I need it, between every
other fucking health issue I have, the
least I could do is keep what little
energy reserves I have topped up so I
don't spiral into a fibro flare. I don't
want to sleep. Help.

Canadians can ' t sleep — one in three of us suffers from sleeplessness and one in 10 experiences chronic insomnia. The causes are multifold, says Judith Davidson, a sleep researcher and clinical psychologist at Queen ' s University in Kingston, Ont.

“ Insomnia can be due to a loss, relationship stress, high stress at work, illness, or pain; the cause may also involve racing thoughts and worries, including worries about the effects of not sleeping. ” .

Day 4~~
The feeling of just wanting to sleep all day is very common among people who work night shifts. Working night shifts breaks the rhythm that the body has been following for years and disturbs your natural sleep cycle. When this synchronization in the biological clock is broken, it often leads to excessive tiredness.
