## Snarkitecture

Snarkitecture is a New York-based collaborative design practice established to investigate the boundaries between disciplines.

## Snarkitecture

Snarkitecture's work is focused on designing within existing spaces or collaboration with other artists and designers. They aim to reuse or misuse existing architecture to make architecture perform the unexpected. Arsham and Mustonen met while studying at the Cooper Union in New York City and established Snarkitecture as a formal practice in 2008.

## ~~Snarkitecture — Wikipedia~~

Snarkitecture is a New York-based collaborative design practice established to investigate the boundaries between disciplines. The name is drawn from Lewis Carroll's *The Hunting of The Snark*, a poem describing the "impossible voyage of an improbable crew to find an inconceivable creature." In its search for the unknown, Snarkitecture creates work that includes large-scale projects ...

Snarkitecture is a partnership between an artist and an architect, and their work bridges the gap between functional objects, performance, and conceptual art. Alex Mustonen and Daniel Arsham studied architecture and art, respectively, at the Cooper Union for the Advancement of Science and Art. Since then, they've played with conventions of design, and upended viewers' expectations with ...
